

Hi! My name is Lloyd Reader and here's three reasons why I love being the senior HR business partner.

Number one: I've always really enjoyed interaction with people this role really gives me an opportunity to interact with people at all levels from all walks of life in a range of professions on a daily basis

Number two: working in the people profession means that I get the opportunity to work with a group of like-minded compassionate and supportive individuals across NHS Wales

Number three: I really feel a sense of purpose and belonging in what I see as a lifelong career that gives opportunities to really make a difference
